

# mediven® plus

The opaque stocking for moderate to severe venous disease.

"I could not fit my clients without the wide range of sizes and lengths that mediven® has to offer! Thank you all at medi for the wonderful customer service you give to me and my clients!"

**ROXANNE FOSS, CMFM**  
Tillges O&P  
Maplewood, MN

### Opaque coverage.

A discreet, opaque weave with a fashionable look helps conceal visible signs and symptoms of vein disease.

### Softer feel, stronger material.

Advanced knitting technology provides softness that never compromises durability.

### Comfort.

Patented **Clima-Comfort®** releases moisture for soothing temperature control whatever the season. Innovative **ClimaFresh** provides odor protection and prevents bacteria and germ growth within the fabric.

### What all of this means to you.

**mediven® plus** is the ideal solution for moderate to severe vein disease due to its static and dynamic stiffness properties and its superior edema containment. Discreet coverage and superior softness make it a comfortable choice for everyday therapy.

ALSO AVAILABLE IN **CUSTOM-MADE**. SEE PAGE 20.
